PART 1

Introduction

This policy has been developed in accordance with the principles established by the Children Act 1989; and in line with the following:

- “Keeping Children Safe in Education” 2023
- “Working Together to Safeguard Children 2018”
- “Framework for the Assessment of Children in Need and their Families” 2000
- “What to do if you are worried a Child is being Abused” 2015
- Oxfordshire Safeguarding Children Board guidelines
- Disqualification under the Childcare Act 2006 (2018)
- The Revised Prevent Duty Guidance for England and Wales (2021)
- Channel Duty Guidance: Protecting vulnerable people from being drawn into terrorism (2020)
- Multi-agency statutory guidance on FGM (2016)
- Information sharing: advice for practitioners providing safeguarding services (2015)
- “Children Missing Education” 2016
- “Early Years Foundation Stage (EYFS) Statutory Framework” 2017

The Governing Body takes seriously its responsibility under the Education (Independent School Standards) Regulations 2014 and duties under “working together” to safeguard and promote the welfare of children; to work together with other agencies to ensure adequate arrangements exist within our setting to identify and support those children who are suffering harm or are likely to suffer harm.

We recognise that all staff and governors have a full and active part to play in protecting our pupils from harm, and that the child’s welfare is our paramount concern.

Cokethorpe School should provide a safe, caring, positive and stimulating environment that promotes the social, physical and moral development of the individual child free from discrimination or bullying where pupils can learn and develop happily.

This policy applies to all staff, governors and volunteers working in our School and covers the whole School including Early Years Foundation Setting (EYFS).

This policy has been written in line with Keeping Children Safe In Education 2023

We recognise our moral and statutory responsibility to safeguard and promote the welfare of all children.

We make every effort to provide a safe and welcoming environment underpinned by a culture of openness where both children and adults feel secure, able to talk and believe that they are being listened to.

We maintain an attitude of ‘it could happen here’ where safeguarding is concerned.

The purpose of this policy is to provide staff, volunteers and governors with the framework they need to keep children safe and secure in our school and to inform parents and guardians how we will safeguard their children whilst they are in our care.

Terminology

Safeguarding and promoting the welfare of children is defined for the purposes of this policy as: protecting children from abuse, neglect or maltreatment; preventing impairment of children’s **mental and physical health** or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes.

School staff are particularly important, as they are in a position to identify concerns early, provide help for children, promote children’s welfare and prevent concerns from escalating (KCSIE 2023)

- Child protection is an aspect of safeguarding but is focused in how we respond to children who have been significantly harmed or are at risk of significant harm.
- Staff refers to all those working for or on behalf of the school, full time or part time, in either a paid or voluntary capacity. This also includes governors.
- Child refers to all young people who have not yet reached their 18th birthday. On the whole, this will apply to all pupils of our school; however, the policy will extend to visiting children and students from other establishments.
- Parent refers to birth parents and other adults who are in a parenting role, for example step-parents, foster carers, guardians and adoptive parents
- DSL: Designated Safeguarding Lead
- DDSL refers to Deputy Designated Safeguarding Lead
- OSCB refers to Oxfordshire Children Safeguarding Board
- LCSS refers to Locality Community Support Service
- MASH refers to Multi Agency Safeguarding Hub
- DO refers to the Designated Officer, also referred to as Local Authority Designated Officer (LADO)
- Abuse could mean neglect, physical, emotional or sexual abuse or any combination of these. Parents, carers and other people can harm children either by direct acts and / or failure to provide proper care.

Aims

- To provide all staff with the framework to promote and safeguard the wellbeing of all pupils and in so doing ensure they meet their statutory responsibilities
- To ensure consistent good practice across the School and ensure that safeguarding follows a whole school approach

Principles and Values

Children have a right to feel secure and cannot learn effectively unless they do so.

All children have a right to be protected from harm.

All staff have a key role in prevention of harm and an equal responsibility to act on any suspicion or disclosure that may indicate a child is at risk of harm, either in the school or in the community, taking into account *contextual safeguarding*, in accordance with the guidance.

We acknowledge that working in partnership with other agencies protects children and reduces risk and so we will engage in partnership working throughout the child protection process to safeguard children.

Whilst the school will work openly with parents as far as possible, it reserves the right to contact Children's Social Care or the Police, without notifying parents if this is believed to be in the child's best interests.

We will always act in the best interests of the child and ensure that our decisions around safeguarding take a child-centred and coordinated approach.

Leadership and Management

We recognise that staff anxiety around child protection can compromise good practice and so have established clear lines of accountability, training and advice to support the process and individual staff.

In this school, any individual can contact Jonathan Stevens, the Designated Safeguarding Lead (DSL), or any of the Deputy DSLs (DDSL) if they have concerns about a young person.

The Headmaster takes overall responsibility for safeguarding, ensuring the DSL and the DSL team are fulfilling their role.

There is a nominated safeguarding governor, Colin Fletcher, who will take leadership responsibility for safeguarding. The Chair of Governors, John Bennett, will receive reports of allegations against the Headmaster and act on the behalf of the governing body.

As an employer we follow safer recruitment guidance as set out in KCSIE 2023

Record Keeping

- Staff will record any welfare concerns that they have about a pupil on the record of concern form (on Sharepoint) and pass them without delay to the DSL. Records will be completed on the same day as the incident/event is reported to the staff member, using the child's words and facts, and will be signed and dated by the member of staff.
- All safeguarding concerns, discussions and decisions (and justifications for those decisions) will be recorded in writing. If members of staff are in any doubt about recording requirements, they should discuss their concerns with the DSL.
- Incident/Welfare concern forms are kept in the Deputy Headmaster's Office.
- Safeguarding records are kept for individual children and are maintained separately from all other records relating to the child in the school. Safeguarding records are kept in accordance with General Data Protection Regulations (GDPR) and our own school GDPR policy and are retained centrally and securely by the DSL. Safeguarding records are shared with staff on a 'need to know' basis only.
- All safeguarding records will be transferred in accordance with GDPR to the child's subsequent school/setting, under confidential and separate cover. These will be given to the new DSL and a receipt of delivery will be obtained.
- Our record keeping procedures are in line with the KCSiE guidance.
- The Headmaster will be kept informed of any significant issues by the DSL.

Confidentiality and Information Sharing

- Cokethorpe School recognises that all matters relating to child protection are confidential. The Headmaster or DSL will only disclose information about a pupil to other members of staff on a 'need to know' basis.
- All members of staff must be aware that whilst they have duties to keep any information confidential, they also have a professional responsibility to share information with other agencies to safeguard children.
- All staff must be aware that they cannot promise a child they will keep secrets which might compromise the child's safety or wellbeing.
- There is a lawful basis for child protection concerns to be shared with agencies who have a statutory duty for child protection.
- Governing bodies and proprietors should ensure relevant staff have due regard to the relevant data protection principles, which allow them to share (and withhold) personal information, as provided for in the Data Protection Act 2018 and the GDPR.
- DfE Guidance on Information Sharing (July 2018) provides further detail.
<https://www.gov.uk/government/publications/safeguarding-practitioners-information-sharing-advice>
- OSCB provides advice on the Seven Golden Rules of Information Sharing
<https://www.oscb.org.uk/wp-content/uploads/2019/07/The-Seven-Golden-Rules-for-Info-Sharing.pdf>
- Guidance to support schools with Data protection activity, including compliance with GDPR
[Data Protection Tool Kit](#)

Training

All staff in our school are expected to be aware of the signs and symptoms of abuse and must be able to respond appropriately.

Our DSL undergoes training to provide them with the knowledge and skills required to carry out their role. Our DSL and any members of our DSL team undergo their DSL training every 2 years through the OSCB to enable them to fulfil their role.

Training is provided for all staff to a generalist level every 3 years, regular updates around safeguarding are shared with staff regularly.

Separate training is provided to all new staff on appointment as part of their induction process which would also include Online Safety and ensuring that all staff are aware of the school's policy on ICT and understand the expectations, applicable roles and responsibilities in relation to filtering and monitoring.

Any update in national or local guidance will be shared with all staff in briefings and then captured in the next whole school training. This policy will be updated during the year to reflect any changes brought about by new guidance.

The Governing body should ensure that all governors receive appropriate safeguarding and child protection (including online) training at induction. This training should equip them with the knowledge to provide strategic challenge to test and assure themselves that the safeguarding policies and procedures are effective and support the delivery of a robust whole school approach to safeguarding. Their training should be regularly updated.

Safeguarding Children with Special Educational Needs and Disabilities

Cokethorpe School acknowledges that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges as they may have an impaired capacity to resist or avoid abuse.

Cokethorpe School will ensure that children with SEN and disabilities, specifically those with communication difficulties, will be supported to ensure that their voice is heard and acted upon.

Members of staff are encouraged to be aware that children with SEN and disabilities can be disproportionately impacted by safeguarding concerns such as bullying. All members of staff will be encouraged to appropriately explore possible indicators of abuse such as behaviour/mood change or injuries and not to assume that they are related to the child's disability and be aware that children with SEN and disabilities may not always outwardly display indicators of abuse.

Reporting and referring concerns

KCSIE 2023 states: "No single practitioner can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, **everyone** who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action.

In our school we recognise the importance of sharing information and reporting concerns to help ensure children are protected.

The following procedures apply to all staff working in the school and will be covered by training to enable staff to understand their role and responsibility.

The aim of our procedures is to provide a robust framework which enables staff to take appropriate action when they are concerned that a child is being harmed or is at risk of harm.

The prime concern at all stages must be the interests and safety of the child. Where there is a conflict of interest between the child and an adult, the interests of the child must be paramount.

All staff are aware that very young children with those with disabilities, special needs or with language delay may be more likely to communicate concerns with behaviours rather than words. Additionally, staff will question the cause of knocks and bumps in children who have limited mobility which will include children visiting the site as well as those who are pupils.

If a member of staff suspects abuse, spots signs or indicators of abuse, mental health concerns or they have a disclosure of abuse made to them they must:

1. Make an initial record of the information on the same day.
2. Report it to the DSL/DDSL immediately.
3. The DSL will consider if there is a requirement for immediate medical intervention, however urgent medical attention should not be delayed if the DSL is not immediately available.
4. Make an accurate factual record as soon as possible and within 24 hours of the occurrence, of all that has happened, including details of:
 - Dates and times of their observations
 - Dates and times of any discussions in which they were involved
 - Any injuries

- Explanations given by the child/adult
- What action was taken
- Any actual words or phrases used by the child
- Any questions the staff member asked (remembering not to ask any leading questions)

The records must be signed and dated by the author.

5. In the absence of the DSL or their Deputy, be prepared to refer directly to Children's Social Care (and the police if appropriate), if there is the potential for immediate significant harm or to carry out a no names consultation with LCSS, if appropriate.

Following a report of concerns, the DSL must:

1. Decide whether there are sufficient grounds for suspecting significant harm, in which case a referral must be made to Children's Social Care and the police if it is appropriate. The rationale for this decision should be recorded by the DSL.
2. Normally the school should try to discuss any concerns about a child's welfare with the family and where possible, seek their agreement before making a referral to Children's Social Care. However, in accordance with DfE guidance, this should only be done when it will not place the child at increased risk or could impact a police investigation. Where there are doubts or reservations about involving the child's family, the DSL should clarify with Children's Social Care or the police whether the parents should be told about the referral and, if so, when and by whom. This is important in cases where the police may need to conduct a criminal investigation. The child's views should also be taken into account.
3. If there are grounds to suspect a child is suffering, or is likely to suffer, significant harm the DSL (or Deputy) must contact Children's Social Care via MASH, sharing:
 - i. the known facts
 - ii. any suspicions or allegations
 - iii. whether or not there has been any contact with the child's family.
 The MASH can be contacted by phone on **0345 050 7666**.
4. If a child is in immediate danger and urgent protective action is required, the police must be called. The DSL/DDSL must then notify Children's Social Care of the occurrence and what action has been taken.
5. When a pupil needs *urgent* medical attention and there is suspicion of parental abuse causing the medical need, the DSL or their Deputy should seek immediate advice from the MASH about informing the parents, remembering that parents should normally be informed if a child requires urgent hospital attention. However, as in all cases, if it is felt this could put the child more at risk then all action should be taken in the best interests of the child.
6. If there is not considered to be a risk of significant harm, the DSL/DDSL will either actively monitor the situation, consider the Early Help process or contact the LCSS for a no names consultation.

All contact details are in ANNEX 8.

Multi-agency Working

Cokethorpe School recognises and is committed to its responsibility to work with other professionals and agencies in line with statutory guidance.

Schools are not the investigating agency when there are child protection concerns. We will, however, contribute to the investigation and assessment processes as required. Cokethorpe School recognises the importance of multi-agency working and will support attendance at relevant safeguarding meetings, including Child Protection Conferences, Core Groups, Strategy Meetings, Child in Need meetings or other early help multi-agency meetings.

The Senior Management Team and DSL/DDSL will work to establish strong and co-operative relationships with relevant professionals in other agencies.

We will participate in Child Safeguarding Practice Reviews (CSPR's), other reviews and file audits as and when required to do so by the Oxfordshire Safeguarding Children's Board. We will ensure that we have

a clear process for gathering the evidence required for reviews and audits and embed recommendations into practice and complete required actions within agreed timescales.

Safer Recruitment

- Cokethorpe School is committed to ensuring the development of a safe culture and that all steps are taken to recruit staff and volunteers who are safe to work with our pupils and staff.
- The Governing Body and Senior Management Team are responsible for ensuring that the school follows safe recruitment processes outlined within guidance.
- Cokethorpe School is responsible for ensuring that the school maintains an accurate Single Central Record (SCR) in line with statutory guidance. This will be monitored and reviewed to ensure compliance by the Governing Body and the school's Senior Management Team.
- The Governing Body will ensure that at least one of the people who conducts a recruitment interview has completed safer recruitment training.
- We are also committed to supporting the statutory guidance from the Department for Education on the application of the Childcare (Disqualification) Regulations 2009 and related obligations under the Childcare Act 2006 in schools. We obtain an enhanced DBS check (including children's barred list information, for those who will be engaging in regulated activity with children).
- We advise all staff to disclose any reason that may affect their suitability to work with children that could be a transferable risk to their role.

Allegations against staff or volunteers

This procedure should be used in all cases in which it is alleged a member of staff or volunteer in a school, or another adult who works with children has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child; or
- behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children.
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children. This includes behaviour that may have happened outside of school, that might make an individual unsuitable to work with children, and is known as transferable risk. Where appropriate an assessment of transferable risk to children with whom the person works should be undertaken. If in doubt seek advice from the local authority designated officer (LADO).

This includes allegations relating to individuals or organisations using the school premises for the purpose of running activities for children (for example community groups, sports associations or service providers that run extra-curricular activities). As with any safeguarding allegation, schools and colleges should follow their safeguarding policies and procedures, including informing the LADO.

There are two levels of allegation/concern:

- allegations that may meet the harms threshold (see definition above)
- allegation/concerns that do not meet the harms threshold – referred to in 2023 guidance as 'low level concerns'

"Low level concerns" must be reported to the DSL. Concerns may arise in several ways and from a number of sources. For example: suspicion; complaint; or disclosure made by a child, parent, or other adult within or outside of the organisation; or as a result of vetting checks undertaken.

A low level concern is any concern – no matter how small, and even if no more than causing a sense of unease or a 'nagging doubt' – that an adult working in or on behalf of the school may have acted in a way that is inconsistent with the staff code of conduct, including inappropriate conduct outside of work; and does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the LADO. Examples of such behaviour could include, but are not limited to:

- being over friendly with children.
- having favourites.
- taking photographs of children on their mobile phone.
- engaging with a child on a one-to-one basis in a secluded area or behind a closed door

- 'humiliating pupils'

If a member of staff has a low level concern about either the Headmaster or DSL then they should raise that concern with the Chair of Governors, Mr John Bennett. Such concerns will always be recorded and reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified

The Local Authority Designated Officer is **Jo Lloyd**, contactable by phone on 01865 810603 or by email at lado.safeguardingchildren@oxfordshire.gov.uk

An Allegations and Consultation Referral Form must be completed by the Headmaster or manager in full and forwarded to the LADO via email within 24 hours.

In dealing with allegations or concerns against an adult, staff must:

- Report any concerns about the conduct of any member of staff or volunteer to the Headmaster as soon as possible.
- If an allegation is made against the Headmaster, the concerns need to be raised with the Chair of Governor as soon as possible. If the Chair of Governors is not available, then the Designated Officer team for Oxfordshire should be contacted directly.
- Whilst schools and colleges are not the employer of supply staff, they should ensure allegations are dealt with properly. In no circumstances should a school or college decide to cease to use a supply staff due to safeguarding concerns, without finding out the facts and liaising with the local authority designated officer team (LADO) to determine a suitable outcome. Further information can be found in KCSIE 2023
- There may be situations when the Headmaster or Chair of Governors will want to involve the police immediately, for example, if the person is deemed to be an immediate risk to children or there is evidence of a possible criminal offence.
- Once an allegation has been received by the Headmaster or Chair of Governors, they will contact the LADO team on 01865 810603 or lado.safeguardingchildren@oxfordshire.gov.uk within 24 hours and before carrying out any investigation into the allegation other than preliminary enquiries.

In liaison with the LADO team, the school will determine how to proceed and if necessary, a referral will be made to the MASH and/or the police.

The LADO team in Oxfordshire is currently staffed by Jo Lloyd, Donna Crozier, Sandra Barratt and Lorna Berry.

The team will assess the information provided and advise on next steps, in line with KCSIE 2023 part 4, and Oxfordshire County Council's Designated Officers' local procedures.

Whistleblowing in a Safeguarding Context

While the school has a separate whistleblowing policy, this is a summary that outlines the process when there is a concern that safeguarding issues have not been reported or followed correctly.

This does not replace the whistleblowing policy and should be read in conjunction with the school policy.

Whistleblowing is a term that is used when staff want to report a concern within their organisation that may involve their manager or a person senior to them in the organisation which may prevent them from following the normal reporting systems. It is important to note that it may also involve someone who is at the same level or junior to them as well.

There are a limited number of areas that can be called Whistleblowing, and the policy protects staff from being punished for raising concerns.

Within Cokethorpe School, the Headmaster, Damian Ettinger, is the senior manager and responsible for all staff. If you are concerned that any member of staff within the school is not following safeguarding

processes or behaving in a way that is placing children at risk, you should, in the first place, make the Headmaster aware.

If your concern is about the Headmaster, you should raise this with John Bennett, our Chair of Governors by email: hma@cokethorpe.org

If you would prefer to raise your concerns outside of the school, then you are able to contact the NSPCC whistleblowing line on 0800 028 0285 or email help@nspcc.org.uk for national organisations or make contact with Oxfordshire County Council.

If you believe that a member of the school staff is harming a child (an allegation) and this has been reported to the Headmaster and no/insufficient action has been taken, or the member of staff you have concerns about is the Headmaster, then you are able to contact the Designated Officers team (LADO) on 01865 810603 or email.lado.safeguardingchildren@oxfordshire.gov.uk

If you believe that a child is being abused by individuals outside the school, you can make a referral to Children's Social Care by calling the MASH on: **0345 050 7666** (office hours) or **08450 507666** (outside of office hours).

Further guidance for staff can be accessed through:

<https://www.gov.uk/government/publications/what-to-do-if-youre-worried-a-child-is-being-abused--2> and through the NSPCC website <https://www.nspcc.org.uk/what-is-child-abuse/types-of-abuse/>

Preventing radicalisation

All of our staff will undergo online Prevent Awareness training to support them in identifying radicalisation and in understanding what steps they need to take to protect the children and families in our school.

This offers an introduction to the Prevent duty and explains how it aims to safeguard vulnerable people from being radicalised, supporting terrorism or becoming terrorists themselves.

<http://www.elearning.prevent.homeoffice.gov.uk>

The Prevent lead for the school is the Designated Safeguarding Lead

Prevent Referrals

This package builds on the Prevent awareness eLearning training. It is designed to make sure that when we share a concern that a vulnerable individual may be being radicalised, that the referral is robust, informed and with good intention, and that the response to that concern is considered, and proportionate.

<https://www.elearning.prevent.homeoffice.gov.uk/preventreferrals>

Channel Awareness

This training package is for anyone who may be asked to contribute to, sit on, or even run a Channel Panel. It is aimed at all levels, from a professional asked to input and attend for the first time, to a member of staff new to their role and organising a panel meeting.

<https://www.elearning.prevent.homeoffice.gov.uk/channelawareness>

Annex 1

Roles and Responsibilities within Cokethorpe School,

1. Staff responsibilities

All staff have a key role to play in identifying concerns early and in providing help for children. To achieve this, they will:

- Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to.
- Ensure children know that there are adults in the school who they can approach if they are worried or have concerns.
- Plan opportunities within the curriculum for children to develop the skills they need to recognise, assess and manage risk appropriately and keep themselves safe.
- Attend training in order to be aware of and alert to the signs of abuse.
- Maintain an attitude of “it could happen here” with regards to safeguarding.
- Record their concerns if they are worried that a child is being abused and report these to the DSL as soon as practical that day. If the DSL is not contactable immediately a DDSL should be informed.
- Be prepared to refer directly to Social Care, and the police if appropriate, if there is a risk of significant harm and the DSL or DDSL is not available.
- Follow the allegations procedures, as set out in this policy and KCSIE 2023, if the disclosure is an allegation against a member of staff.
- Follow the procedures set out by the Oxfordshire Safeguarding Children Board (OSCB) and take account of guidance issued by the DfE.
- Support pupils in line with their child protection plan.
- Treat information with confidentiality but never promising to ‘keep a secret’.
- Notify the DSL or DDSL of any child on a child protection plan or child in need plan who has unexplained absence.
- Have an understanding of Early Help, contextual safeguarding and be prepared to identify and support children who may benefit from early help.
- Liaise with other agencies that support pupils and provide early help.
- Ensure they know who the DSL and DDSL are and know how to contact them.
- Have an awareness of the Child Protection Policy, the Behaviour Policy, the Staff Behaviour Policy (or Code of Conduct), procedures relating to the safeguarding response for children who go missing from education and the role of the DSL.
- Have an awareness of Mental Health problems and how in some cases are an indicator of the child being at risk of harm.

2) Senior Management Team responsibilities:

- Contribute to inter-agency working in line with Working Together to Safeguard Children 2018 guidance.
- Provide a co-ordinated offer of early help when additional needs of children are identified.
- Ensure staff are alert to the various factors that can increase the need for early help as written in KCSIE 2023.
- Working with Children’s Social Care, supporting their assessment and planning processes including the school’s attendance, including school holidays, at conference and core group meetings and the contribution of written reports for these meetings.
- Carry out tasks delegated by the governing body such as training of staff, safer recruitment and maintaining a single central register.
- Provide support and advice on all matters pertaining to safeguarding and child protection to all staff, regardless of their position within the school.
- Treat any information shared by staff or pupils with respect and follow agreed policies and procedures.

- Ensure that allegations or concerns against staff are dealt with in accordance with guidance from Department for Education (DfE) and the OSCB procedures.

3) Governing body responsibilities

- Ensure the school has effective safeguarding policies and procedures including a Child Protection Policy, a Staff Behaviour Policy or Code of Conduct, a Behaviour Policy and a written response to children who go missing from education.
- Ensure OSCB is informed in line with local requirements via the annual safeguarding report returned to the Education Safeguarding Advisory Team.
- Ensure recruitment, selection and induction follows safer recruitment practice including all appropriate checks.
- Ensure allegations against staff are dealt with by the Headmaster and that allegations against the Headmaster are dealt with by the Chair of Governors.
- Ensure a member of the Senior Leadership Team is appointed as Designated Safeguarding Lead and has this recorded in their job description.
- Ensure staff have been trained appropriately and this is updated in line with guidance.
- Ensure new governors receive safeguarding training at the point of induction to understand their important strategic role, as well as their legislative responsibilities and those set out by Oxfordshire multi agency safeguarding arrangements.
- Ensure any safeguarding deficiencies or weaknesses are remedied without delay.
- Ensure a nominated governor for safeguarding is identified.
- Ensure they facilitate a whole school approach to safeguarding. This means ensuring safeguarding and child protection are at the forefront and underpin all relevant aspects of process and policy development. Ultimately, all systems, processes and policies should operate with the best interests of the child at their heart.
- Ensure that, as part of the requirement for staff to undergo regular updated safeguarding training, including online safety and the requirement to ensure children are taught about safeguarding, is integrated, aligned, and considered as part of the whole school or college safeguarding approach and wider staff training and curriculum planning.
- Consider the above training requirements, governing bodies and proprietors should have regard to the Teachers' Standards which set out the expectation that all teachers manage behaviour effectively to ensure a good and safe educational environment and requires teachers to have a clear understanding of the needs of all pupils.
- Ensure where governing bodies or proprietors hire or rent out school facilities/premises to organisations or individuals (for example to community groups, sports associations, and service providers to run community or extra-curricular activities) they should ensure that appropriate arrangements are in place to keep children safe.
- Ensure that all reasonable action is taken to limit children's exposure to the risks from the school's IT system and ensure the school has appropriate filters and monitoring systems in place and regularly review their effectiveness in line with national expectations.

4) DSL responsibilities *(the DSL should take lead responsibility for safeguarding and child protection, including online safety and understanding the filtering and monitoring systems and processes in place, in conjunction with the DSL role description in KCSIE)*

In addition to the role of all staff and the senior management team, the DSL will:

- Refer cases to MASH, and the police where appropriate, in a timely manner avoiding any delay that could place the child at more risk.
- Assist the Governing Body in fulfilling its safeguarding responsibilities set out in legislation and statutory guidance.
- Attend appropriate training and demonstrate evidence of continuing professional development to carry out the role.
- Ensure every member of staff knows who the DSL and the DDSL are, have an awareness of the DSL role and know how to contact them.

- Ensure all staff and volunteers understand their responsibilities in being alert to the signs of abuse and responsibility for referring any concerns about a child to the DSL and concerns about an adult to the Headmaster.
- Ensure whole school training occurs regularly, with at least annual updates so that staff and volunteers can fulfil their responsibilities knowledgeably.
- Ensure any members of staff joining the school outside the agreed training schedule receive induction prior to commencement of their duties.
- Keep records of child protection concerns securely and separately from the main pupil file and use these records to assess the likelihood of risk.
- Ensure that safeguarding records are transferred accordingly (separate from pupil files) and in a timely fashion when a child transfers school.
- Ensure that, where a pupil transfers school and is subject to a child protection plan or is a Child in care, their information is passed to the new school immediately and that the child's social worker is informed. Consideration should be given to convening a transition meeting prior to moving if the case is complex or on-going.
- Be aware of the training opportunities and information provided by OSCB to ensure staff are aware of the latest local guidance on safeguarding.
- Develop, implement, and review procedures in the school that enable the identification and reporting of all cases, or suspected cases, of abuse.
- Meet any other expectations set out for DSLs in KCSIE 2023
- Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and school and college leadership staff.
- Work alongside and liaise with the three Safeguarding Partners in line with Working together to Safeguard Children and NSPCC [When to call the police guidance](#)

Annex 2

Dealing with disclosures

All staff should ensure:

A member of staff who is approached by a child should listen positively and try to reassure them. They cannot promise complete confidentiality and should explain that they may need to pass information to other professionals, to help keep the child or other children safe. The degree of confidentiality should always be governed by the need to protect the child.

Additional consideration needs to be given to children with communication difficulties and for those whose preferred language is not English. It is important to communicate with them in a way that is appropriate to their age, understanding and preference.

All staff should know who the DSL is and who to approach if the DSL is unavailable. Ultimately, all staff have the responsibility to make a referral to the police or social care directly and should do this if, for whatever reason, there are difficulties following the agreed protocol, e.g. they are the only adult on the school premises at the time and have concerns about sending a child home.

All staff should be aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. For example, children may feel embarrassed, humiliated, or are being threatened. This could be due to their vulnerability, disability and/or sexual orientation or language barriers. This should not prevent staff from having a professional curiosity and speaking to the designated safeguarding lead (DSL) if they have concerns about a child. It is also important that staff determine how best to build trusted relationships with children and young people which facilitate communication.

Guiding principles: the seven R's:

Receive

- Listen to what is being said, without displaying shock or disbelief
- Accept what is said and take it seriously
- Make a note of what has been said as soon as practicable

Reassure

- Reassure the pupil, but only so far as is honest and reliable
- Don't make promises you may not be able to keep e.g. 'I'll stay with you' or 'everything will be alright now' or 'I'll keep this confidential'
- Do reassure e.g. you could say: 'I believe you', 'I am glad you came to me', 'I am sorry this has happened', 'We are going to do something together to get help'

Respond

- Respond to the pupil only as far as is necessary for you to establish whether or not you need to refer this matter, but do not interrogate for full details
- Do not ask 'leading' questions i.e. 'did he touch your private parts?' or 'did she hurt you?' Such questions may invalidate your evidence (and the child's) in any later prosecution in court
- Do not ask the child why something has happened.
- Do not criticise the alleged perpetrator; the pupil may care about him/her, and reconciliation may be possible
- Do not ask the pupil to repeat it all for another member of staff. Explain what you have to do next and whom you have to talk to. Reassure the pupil that it will be a senior member of staff

Report

- Share concerns with the DSL as soon as possible by reporting to them
- If you are not able to contact your DSL or the Deputy DSL, and the child is at risk of immediate harm, contact MASH or Police immediately

Record

- If possible, make some very brief notes at the time, and record them as soon as possible using a Record of Concern Form
- Keep your original notes on file

- Record the date, time, place, persons present and noticeable nonverbal behaviour, and the words used by the child. If the child uses sexual 'pet' words, record the actual words used, rather than translating them into 'proper' words
- Complete a body map to indicate the position of any noticeable bruising
- Record facts and observable things, rather than your 'interpretations' or 'assumptions'

Remember

- Support the child: listen, reassure, and be available
- Complete confidentiality is essential. Share your knowledge only with appropriate professional colleagues
- Try to get some support for yourself if you need it

Review processes (led by DSL)

- Has the action taken provided good outcomes for the child?
- Did the procedure work?
- Were any deficiencies or weaknesses identified in the procedure? Have these been remedied?
- Is further training required?

The role of an appropriate adult in safeguarding

The Police and Criminal Evidence (PACE) act advises that "The role of the appropriate adult (AA) is to safeguard the rights, entitlements and welfare of juveniles and vulnerable persons", with there being further elaboration that the AA is expected to observe that the police are acting properly and fairly in relation to a vulnerable detained persons rights and entitlements, as well as helping the detained person understand their rights.

Annex 3

Abuse and Neglect

Knowing what to look for is vital to the early identification of abuse and neglect. **All** staff should be aware of indicators of abuse and neglect so that they are able to identify cases of children who may be in need of help or protection. If staff are unsure, they should **always** speak to the designated safeguarding lead (or deputy).

All school staff should be aware that abuse, neglect and safeguarding issues are rarely stand-alone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

Definitions and Indicators of abuse and neglect

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Indicators of physical abuse/factors that should increase concern

- Multiple bruising or bruises and scratches (especially on the head and face)
- Clusters of bruises – e.g., fingertip bruising (caused by being grasped)
- Bruises around the neck and behind the ears – the most common abusive injuries are to the head
- Bruises on the back, chest, buttocks, or on the inside of the thighs
- Marks indicating injury by an instrument – e.g., linear bruising (stick), parallel bruising (belt), marks of a buckle
- Bite marks
- Deliberate burning may also be indicated by the pattern of an instrument or object – e.g., electric fire, cooker, cigarette
- Scalds with upward splash marks or *tide marks*
- Untreated injuries
- Recurrent injuries or burns
- Bald patches.

In the social context of the school, it is normal to ask about a noticeable injury. The response to such an enquiry is generally light-hearted and detailed. So, most of all, concern should be increased when:

- the explanation given does not match the injury
- the explanation uses words or phrases that do not match the vocabulary of the child (adult words)
- no explanation is forthcoming
- the child (or the parent/carer) is secretive or evasive
- the injury is accompanied by allegations of abuse or assault

You should be concerned if the child or young person:

- is reluctant to have parents/carers contacted
- runs away or shows fear of going home
- is aggressive towards themselves or others
- flinches when approached or touched
- is reluctant to undress to change clothing for sport

- wears long sleeves during hot weather
- is unnaturally compliant in the presence of parents/carers.
- has a fear of medical help or attention
- admits to a punishment that appears excessive.

Link to OSCB guidance on physical abuse <https://www.oscb.org.uk/safeguarding-themes/physical-abuse/>

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Indicators of emotional abuse

Developmental issues

- Delays in physical, mental and emotional development
- Poor school performance
- Speech disorders, particularly sudden disorders or changes.

Behaviour

- Acceptance of punishment which appears excessive
- Over-reaction to mistakes
- Continual self-deprecation (I'm stupid, ugly, worthless etc)
- Neurotic behaviour (such as rocking, hair-twisting, thumb-sucking)
- Self-mutilation
- Suicide attempts
- Drug/solvent abuse
- Running away
- Compulsive stealing, scavenging
- Acting out
- Poor trust in significant adults
- Regressive behaviour – e.g., wetting
- Eating disorders
- Destructive tendencies
- Neurotic behaviour
- Arriving early at school, leaving late

Social issues

- Withdrawal from physical contact
- Withdrawal from social interaction
- Over-compliant behaviour
- Insecure, clinging behaviour
- Poor social relationships

Emotional responses

- Extreme fear of new situations
- Inappropriate emotional responses to painful situations ("I deserve this")

- Fear of parents being contacted
- Self-disgust
- Low self-esteem
- Unusually fearful with adults
- Lack of concentration, restlessness, aimlessness
- Extremes of passivity or aggression

Most harm is produced in *low warmth, high criticism* homes, not from single incidents.

Emotional abuse is difficult to define, identify/recognise and/or prove.

Emotional abuse is chronic and cumulative and has a long-term impact.

It is sometimes possible to spot emotionally abusive behaviour from parents and carers to their children, by the way that the adults are speaking to, or behaving towards children. An appropriate challenge or intervention could affect positive change and prevent more intensive work being carried out later on.

Link to OSCB guidance on emotional abuse <https://www.oscb.org.uk/safeguarding-themes/emotional-abuse/>

Link to OSCB guidance on Domestic Abuse <https://www.oscb.org.uk/safeguarding-themes/domestic-abuse/>

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education see ANNEX 4.

Characteristics of child sexual abuse:

- it is often planned and systematic – people do not sexually abuse children by accident, though sexual abuse can be opportunistic
- grooming the child – people who abuse children take care to choose a vulnerable child and often spend time making them dependent
- grooming the child's environment – abusers try to ensure that potential adult protectors (parents and other carers especially) are not suspicious of their motives.

Most people who sexually abuse children are men, but some women sexually abuse too.

Indicators of sexual abuse

Physical observations

- Damage to genitalia, anus, or mouth
- Sexually transmitted diseases
- Unexpected pregnancy, especially in very young girls
- Soreness in genital area, anus or mouth and other medical problems such as chronic itching
- Unexplained recurrent urinary tract infections and discharges or abdominal pain

Behavioural observations

- Sexual knowledge inappropriate for age
- Sexualised behaviour or affection inappropriate for age
- Sexually provocative behaviour/promiscuity
- Hinting at sexual activity. Inexplicable decline in school performance
- Depression or other sudden apparent changes in personality as becoming insecure or clinging

- Lack of concentration, restlessness, aimlessness
- Socially isolated or withdrawn
- Overly compliant behaviour
- Acting out, aggressive behaviour
- Poor trust or fear concerning significant adults
- Regressive behaviour,
- Onset of wetting, by day or night; nightmares
- Onset of insecure, clinging behaviour
- Arriving early at school, leaving late, running away from home
- Suicide attempts, self-mutilation, self-disgust
- Suddenly drawing sexually explicit pictures
- Eating disorders or sudden loss of appetite or compulsive eating
- Regressing to younger behaviour patterns such as thumb sucking or bringing out discarded cuddly toys
- Become worried about clothing being removed

Link to OSCB guidance on sexual abuse <https://www.oscb.org.uk/safeguarding-themes/sexual-abuse/>

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

NSPCC research has highlighted the following examples of the neglect of children under 12:

- frequently going hungry
- frequently having to go to school in dirty clothes
- regularly having to look after themselves because of parents being away or having problems such as drug or alcohol misuse
- being abandoned or deserted
- living at home in dangerous physical conditions
- not being taken to the doctor when ill
- not receiving dental care.

Neglect is a difficult form of abuse to recognise and is often seen as less serious than other categories. It is, however, very damaging: children who are neglected often develop more slowly than others and may find it hard to make friends and fit in with their peer group.

Neglect is often noticed at a stage when it does not pose a risk to the child. The duty to safeguard and promote the welfare of children (*What to do if You're Worried a Child is Being Abused* DfE 2015) would suggest that an appropriate intervention or conversation at this early stage can address the issue and prevent a child continuing to suffer until it reaches a point when they are at risk of harm or in significant need.

Link to the OSCB guidance on Neglect and toolkit: <http://www.oscb.org.uk/safeguarding-themes/neglect/>

Neglect is often linked to other forms of abuse, so any concerns school staff have should at least be discussed with the DSL.

Indicators of neglect

The following is a summary of some of the indicators that may suggest a child is being abused or is at risk of harm. It is important to recognise that indicators alone cannot confirm whether a child is being

abused. Each child should be seen in the context of their family and wider community and a proper assessment carried out by appropriate persons. What is important to keep in mind is that if you feel unsure or concerned, do something about it. Don't keep it to yourself. The OSCB childcare and development checklist/toolkit provides a more detailed list of indicators of neglect and is available to all staff

Physical indicators of neglect

- Constant hunger and stealing food
- Poor personal hygiene - unkempt, dirty or smelly
- Underweight
- Dress unsuitable for weather
- Poor state of clothing
- Illness or injury untreated

Behavioural indicators of neglect

- Constant tiredness
- Frequent absence from school or lateness
- Missing medical appointments
- Isolated among peers
- Frequently unsupervised
- Stealing or scavenging, especially food

Annex 4

Child on child abuse

All staff should be aware that children can abuse other children (often referred to as peer-on-peer abuse). This is most likely to include, but may not be limited to:

- bullying (including cyberbullying).
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm.
- sexual violence, such as rape, assault by penetration and sexual assault
- sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse.
- up skirting, which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm.
- sexting (also known as youth produced sexual imagery); and
- initiation/hazing type violence and rituals.

All staff should be clear as to the school's or college's policy and procedures with regards to child-on-child abuse. Our school uses the OCC Peer on Peer guidance.

[peer-to-peer-abuse.pdf \(oxfordshire.gov.uk\)](https://www.oxfordshire.gov.uk/peer-to-peer-abuse.pdf)

Sexual violence and sexual harassment between children

There is concern nationally relating to a culture of misogyny and sexual harassment in many schools and the DfE and Ofsted have reviewed school procedures. As a response, all school should include a statement on the school's website that gives information on reporting concerns or abuse using the new Government helpline and email address. Schools should have clear mechanisms for students to report concerns within school that are signposted and prevalent.

Part 5 of the statutory guidance in Keeping Children Safe in Education 2023 sets out how our school will manage reports of child-on-child sexual violence and harassment. That part of the guidance also links through to a further Department for Education (DfE) advice document from September 2021: '**Sexual violence and sexual harassment between children in schools and colleges**'. This document is read and understood by DSLs and referred to as needed, particularly if a report of child-on-child sexual violence or sexual harassment is made.

If a report is made, the designated safeguarding lead will lead how the report is dealt with, given the high-profile nature of the report. This will be in liaison with the Headmaster. Where the DSL is unavailable, a Deputy DSL will lead. On a case-by-case basis, there will be consideration made as to the gender of the DSL or Deputy, so that the victim feels comfortable with how the investigation is managed. When it comes to action to manage the report, the needs and wishes of the victim will take centre stage. Considerations should include how the investigation proceeds and what support the victim requires. Sexual violence and sexual harassment are not acceptable and will not be tolerated. Reports will not be passed off as banter or part of growing up.

Where a report of rape, assault by penetration or sexual assault is made, children's social care and the police will be informed. Before doing so, this will be discussed with the victim and their parents/carers, explaining why it is important for other agencies to know and how these agencies will be able to support the victim. Other allegations will be managed within the school and/or with support from children's social care providers.

The guidance and the DfE advice set out the steps the school will take to manage the students involved, including risk assessments, separating the students in lessons, investigating the report, and supporting the victim and alleged perpetrator

Our school also uses the Stop Now tool.

<https://www.stopitnow.org.uk/concerned-about-a-child-or-young-persons-sexual-behaviour/how-to-tell-if-a-childs-sexual-behaviour-is-age-appropriate/>

<https://www.stopitnow.org.uk/concerned-about-a-child-or-young-persons-sexual-behaviour/preventing-harmful-sexual-behaviour/>

“The tool uses a traffic light system to categorize the sexual behaviours of young people and is designed to help professionals:

- Make decisions about safeguarding children and young people
- Assess and respond appropriately to sexual behaviour in children and young people
- Understand healthy sexual development and distinguish it from harmful behaviour”

Annex 5

Online Safety

- It is recognised by Cokethorpe School that the use of technology presents challenges and risks to children and adults both inside and outside of school.
- The DSL has overall responsibility for online safeguarding within the school.
- Cokethorpe School identifies that the issues can be broadly categorised into three areas of risk:
 - **content:** being exposed to illegal, inappropriate or harmful material
 - **contact:** being subjected to harmful online interaction with other users
 - **conduct:** personal online behaviour that increases the likelihood of, or causes, harm.
- The DSL and leadership team have read annex C regarding Online Safety within 'Keeping Children Safe in Education' 2023.
- Cokethorpe School recognises the specific risks that can be posed by mobile phones and cameras and in accordance with KCSIE 2023 and EYFS 2021 has appropriate policies in place that are shared and understood by all members of the school community. Further information about specific approaches relating to this can be found in the school's ICT Policies, Promoting Good Behaviour Policy, Social Media Policy and Taking Using and Storing Images of Children Policy which can be found on Firefly/SharePoint.
- As schools increasingly work online, it is essential that children are safeguarded from potentially harmful and inappropriate online material. Cokethorpe School will ensure that appropriate filtering and monitoring systems are in place when pupils and staff access school systems and internet provision.
- Cokethorpe School acknowledges that whilst filtering and monitoring is an important part of school's online safety responsibilities, it is only one part of our approach to online safety. Pupils and adults may have access to systems external to the school control such as mobile phones and other internet enabled devices and technology and where concerns are identified appropriate action will be taken.
- Cokethorpe School acknowledge where children are being asked to learn online at home the Department of Education has provided advice to support schools and colleges do so safely.

Cokethorpe School will ensure a comprehensive whole school curriculum response is in place to enable all pupils to learn about and manage online risks effectively and will support parents and the wider school community (including all members of staff) to become aware and alert to the need to keep children safe online.

Annex 6

Safeguarding issues

All staff should have an awareness of safeguarding issues which can put children at risk of harm. Behaviours linked to issues such as drug taking, alcohol abuse, deliberately missing education and sexting (also known as youth produced sexual imagery) can put children in danger.

Mental health

Within our school, we aim to promote positive mental health and wellbeing for our whole community (students, staff, parents and carers), and recognise how important mental health and emotional wellbeing is to our lives, in just the same way as physical health. We recognise that children and young people's mental health is a crucial factor in their overall wellbeing and can affect their learning and achievement. All children and young people will have varying mental health during their school career. However, some face significant life events which can seriously impact their emotional wellbeing and can include mental illness.

The Department for Education (DfE) recognises that: "Schools have a role to play in supporting the mental health and wellbeing of children" (Mental Health and Behaviour in School, 2018). Schools can be a place for all students to experience a nurturing and supportive environment that has the potential to develop self-esteem and give positive experiences for overcoming adversity and building resilience.

Schools are also a place of respite from difficult home lives and offers, positive role models and relationships, which are critical in promoting the wellbeing of all young people.

The role of school is to ensure that students can manage times of change and stress, and that they are supported to reach their potential or access help when they need it. The school also has a role to ensure that students learn about what they can do to maintain positive mental health, what affects their mental health, how they can help reduce the stigma surrounding mental health issues, and where they can go if they need help and support.

All staff should also be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation

Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Staff, however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. It is key that staff are aware of how these children's experiences, can impact on their mental health, behaviour, and education.

If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken, following their child protection policy, and speaking to the designated safeguarding lead or a deputy.

Signs and symptoms of possible mental health conditions often include:

- sadness, or a low mood that does not go away
- being irritable or grumpy all the time
- not being interested in things they used to enjoy
- feeling tired and exhausted a lot of the time

Children may also:

- have trouble sleeping or sleep more than usual
- not be able to concentrate
- interact less with friends and family

- be indecisive
- not have much confidence
- eat less than usual or overeat
- have big changes in weight
- seem unable to relax or be more lethargic than usual
- talk about feeling guilty or worthless
- feel empty or unable to feel emotions (numb)
- have thoughts about suicide or self-harming
- actually self-harm, for example, cutting their skin or taking an overdose

Some children have problems with anxiety as well as depression. Some also have physical symptoms, such as headaches and stomach aches.

Problems at school can be a sign of depression in children and young people and so can problem behaviour.

Older children who are depressed may misuse drugs or alcohol.

<https://www.gov.uk/government/publications/promoting-children-and-young-peoples-emotional-health-and-wellbeing>

The department has published advice and guidance on Preventing and Tackling Bullying, and Mental Health and Behaviour in Schools. In addition, Public Health England has produced a range of resources to support secondary school teachers to promote positive health, wellbeing and resilience among young people including its guidance Promoting children and young people's emotional health and wellbeing. Its resources include social media, forming positive relationships, smoking and alcohol. See Every Mind Matters for links to all materials and lesson plans.

There are three thresholds for and types of referral that need to be considered:

- is this a child with additional needs; where their health, development or achievement may be adversely affected?
- age-appropriate progress is not being made and the causes are unclear
- the support of more than one agency is needed to meet the child or young person's needs

If this is a child with additional needs discuss the issues with the DSL, the child, and parents. You will need to obtain parental consent for an Early Help Assessment to be completed.

Is this a child in need matter? Section 17 of the Children Act 1989 says:

- they are unlikely to achieve or maintain, or to have opportunity to achieve or maintain, a reasonable standard of health or development, without the provision of services by a local authority
- their health or development is likely to be impaired, or further impaired, without the provision of such services
- they are SEND (and as such can face additional safeguarding challenges)

If this is a child in need, discuss the issues with the Designated Safeguarding Lead and parents. Obtain their consent for referral.

Is this a child protection matter? Section 47 of the Children Act 1989 says:

- children at risk or who are suffering significant harm
- children suffering the effects of significant harm
- serious health problems

More on the thresholds can be found here: [Oxfordshire-Threshold-of-Needs-2021.pdf \(oscb.org.uk\)](#)

If this is a child protection matter, this should be discussed with the Designated Safeguarding Lead and will need to be referred to the MASH by the school as soon as possible. [Multi-Agency Safeguarding Hub \(MASH\) | Oxfordshire County Council](#)

Serious violence

All staff should be aware of indicators, which may signal that children are at risk from, or are involved with serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.

All staff should be aware of the associated risks and understand the measures in place to manage these. Advice for schools and colleges is provided in the Home Office's Preventing youth violence and gang involvement

<https://www.gov.uk/government/publications/advice-to-schools-and-colleges-on-gangs-and-youth-violence> and its Criminal exploitation of children and vulnerable adults: county lines guidance

<https://www.gov.uk/government/publications/criminal-exploitation-of-children-and-vulnerable-adults-county-lines>

Upskirting

'Upskirting' typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is now a criminal offence and the perpetrator can face a sentence of up to 2 years in prison. Anyone of any gender can be a victim.

So-called 'honour-based' Abuse (including Female Genital Mutilation and Forced Marriage)

So-called 'honour-based' Abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving "honour" often involves a wider network of family or community pressure and can include multiple perpetrators. It is important to be aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBA are abuse (regardless of the motivation) and should be handled and escalated as such. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBA, or already having suffered HBA.

'A forced marriage is a marriage in which one or both spouses do not (or, in the case of some vulnerable adults, cannot) consent to the marriage and duress is involved. Duress can include physical, psychological, financial, sexual and emotional pressure.' In addition, since February 2023 it has also been a crime to carry out any conduct whose purpose is to cause a child to marry before their eighteenth birthday, even if violence, threats or another form of coercion are not used. As with the existing forced marriage law, this applies to non-binding, unofficial 'marriages' as well as legal marriages.

Female Genital Mutilation

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and is a form of child abuse with long-lasting harmful consequences.

Whilst **all** staff should speak to the designated safeguarding lead (or deputy) with regard to any concerns about female genital mutilation (FGM), there is a specific **legal duty on teachers**. If a teacher, in the course of their work in the profession, discovers that an act of FGM appears to have been carried out on a girl under the age of 18, the teacher **must** report this to the police.

Contextual safeguarding

All staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school or college and/or can occur between children outside of these environments. All staff, but especially the designated safeguarding lead (and deputies) should consider whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence.

Children's social care assessments should consider such factors, so it is important that schools and colleges provide as much information as possible as part of the referral process. This will allow any assessment to consider all the available evidence and the full context of any abuse. Additional information regarding contextual safeguarding is available here:

<https://contextualsafeguarding.org.uk/about/what-is-contextual-safeguarding>

Link to OSCB guidance on contextual safeguarding <https://www.oscb.org.uk/safeguarding-themes/contextual-safeguarding/>

Children Who Are Absent from Education

All children, regardless of their circumstances, are entitled to a full-time education which is suitable to their age, ability, aptitude and any special educational needs they may have. Local authorities have a duty to establish, as far as it is possible to do so, the identity of children of compulsory school age who are absent for prolonged periods or missing from education in their area.

Children being absent from education for prolonged periods and/or on repeat occasions can act as a vital warning sign to a range of safeguarding issues including neglect, child sexual and criminal exploitation - particularly county lines. School staff should follow the school's procedures for dealing with children who are persistently absent and children missing education to identify such abuse as early as possible and, in the case of absent pupils, this helps prevent the risk of them becoming a child absent

from education in the future. This includes when problems are first emerging but also where children are already known to local authority children's social care and have a social worker (such as a child who is a child in need, who has a child protection plan or is a child we care for), where being absent from education may increase known safeguarding risks within the family or in the community. See 'working together to improve school attendance' for further guidance:

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1099677/Working_together_to_improve_school_attendance.pdf

Schools should put in place appropriate safeguarding policies, procedures and responses for children who are identified as absent or missing from education, particularly on repeat occasions. It is essential that all staff are alert to signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns such as travelling to conflict zones, FGM and forced marriage.

The law requires all schools to have an admission register and, with the exception of schools where all pupils are boarders, an attendance register. All pupils must be placed on both registers. An appropriated response is needed when a child has poor attendance or is regularly missing education.

<https://www.gov.uk/government/publications/children-missing-education>

All schools must inform their local authority of any pupil who is going to be deleted from the admission register where they:

- have been taken out of school by their parents and are being educated outside the school system e.g. home education, have ceased to attend school and no longer live within reasonable distance of the school at which they are registered
- have been certified by an appropriate medical practitioner as unlikely to be in a fit state of health to attend school before ceasing to be of compulsory school age and neither he/she nor his/her parent has indicated the intention to continue to attend the school after ceasing to be of compulsory school age
- are in custody for a period of more than four months due to a final court order and the proprietor does not reasonably believe they will be returning to the school at the end of the period
- have been permanently excluded

The local authority must be notified when a school is to delete a pupil from its register under the above circumstances. Schools should contact the Admissions Team: Tel: 01865 815175. This should be done as soon as the grounds for deletion are met, but no later than deleting the pupil's name from the register. It is essential that schools comply with this duty, so that local authorities can, as part of their duty to identify children of compulsory school age who are missing education, follow up with any child who might be in danger of not receiving an education and who might be at risk of abuse or neglect.

All schools must inform the local authority of any pupil who fails to attend school regularly or has been absent without the school's permission for a continuous period of 10 school days or more, at such intervals as are agreed between the school and the local authority (or in default of such agreement, at intervals determined by the Secretary of State).

Child Sexual Exploitation and Child Criminal Exploitation (CCE)

Both CSE and CCE are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator. The abuse can be perpetrated by individuals or groups, males or females, and children or adults. The abuse can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence. Victims can be

exploited even when activity appears consensual, and it should be noted exploitation as well as being physical can be facilitated and/or take place online.

Some of the following can be indicators of CCE:

- children who appear with unexplained gifts or new possessions.
- children who associate with other young people involved in exploitation.
- children who suffer from changes in emotional well-being.
- children who misuse drugs and alcohol.
- children who go missing for periods of time or regularly come home late; and
- children who regularly miss school or education or do not take part in education.

The above CCE indicators can also be indicators of CSE, as can:

- children who have older boyfriends or girlfriends; and
- children who suffer from sexually transmitted infections or become pregnant.

While there is still no legal definition of 'Child Criminal Exploitation' or CCE, it is increasingly being recognised as a major factor behind crime in communities, while also simultaneously victimising vulnerable young people and leaving them at risk of harm.

Link to OSCB guidance on CSE <https://www.oscb.org.uk/safeguarding-themes/child-exploitation-modern-slavery/> and the CSE screening tool <https://www.oscb.org.uk/wp-content/uploads/2019/07/Child-Exploitation-Screening-Tool.pdf>

Link to OSCB guidance on child criminal exploitation <https://www.oscb.org.uk/safeguarding-themes/child-exploitation-modern-slavery/child-drug-exploitation-county-lines/>

Government Guidance:

[Child sexual exploitation: guide for practitioners](#)

County lines

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs (primarily crack cocaine and heroin) into one or more importing areas [within the UK], using dedicated mobile phone lines or other form of "deal line".

Exploitation is an integral part of the county lines offending model with children and vulnerable adults exploited to move [and store] drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims. Children can be targeted and recruited into county lines in a number of locations including schools, further and higher educational institutions, pupil referral units, special educational needs schools, children's homes and care homes. Children are often recruited to move drugs and money between locations and are known to be exposed to techniques such as 'plugging', where drugs are concealed internally to avoid detection. Children can easily become trapped by this type of exploitation as county lines gangs create drug debts and can threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.

One of the ways of identifying potential involvement in county lines are missing episodes (both from home and school), when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism should be considered. If a child is suspected to be at risk of or involved in county lines, a safeguarding referral should be considered alongside consideration of availability of local services/third sector providers who offer support to victims of county lines exploitation.

Domestic abuse

The Domestic Abuse Act 2021 received Royal Assent on 29 April 2021. The Act introduces the first ever statutory definition of domestic abuse and recognises the impact of domestic abuse on children, as victims in their own right, if they see, hear or experience the effects of abuse. The statutory definition of

domestic abuse, based on the previous cross-government definition, ensures that different types of relationships are captured, including ex-partners and family members. The definition captures a range of different abusive behaviours, including physical, emotional and economic abuse and coercive and controlling behaviour. Both the person who is carrying out the behaviour and the person to whom the behaviour is directed towards must be aged 16 or over and they must be “personally connected” (as defined in section 2 of the 2021 Act) Further information can be found in KCSIE 2023 ANNEX B.

Cybercrime

Cybercrime is criminal activity committed using computers and/or the internet. It is broadly categorised as either ‘cyber-enabled’ (crimes that can happen off-line but are enabled at scale and at speed on-line) or ‘cyber dependent’ (crimes that can be committed only by using a computer). Cyber-dependent crimes include;

- unauthorised access to computers (illegal ‘hacking’), for example accessing a school’s computer network to look for test paper answers or change grades awarded;
- denial of Service (Dos or DDoS) attacks or ‘booting’. These are attempts to make a computer, network or website unavailable by overwhelming it with internet traffic from multiple sources; and,
- making, supplying or obtaining malware (malicious software) such as viruses, spyware, ransomware, botnets and Remote Access Trojans with the intent to commit further offence, including those above.

Children with particular skill and interest in computing and technology may inadvertently or deliberately stray into cyber-dependent crime. If there are concerns about a child in this area, the designated safeguarding lead (or a deputy), should consider referring into the **Cyber Choices** programme. This is a nationwide police programme supported by the Home Office and led by the National Crime Agency, working with regional and local policing. It aims to intervene where young people are at risk of committing, or being drawn into, low level cyber-dependent offences and divert them to a more positive use of their skills and interests.

Note that **Cyber Choices** does not currently cover ‘cyber-enabled’ crime such as fraud, purchasing of illegal drugs on-line and child sexual abuse and exploitation, nor other areas of concern such as on-line bullying or general on-line safety.

Additional advice can be found at: [Cyber Choices, 'NSPCC-when to call the police'](#) and [National Cyber Security Centre - NCSC.GOV.UK](#)

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child’s welfare. The designated safeguarding lead (and any deputies) should be aware of contact details and referral routes into the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and/or discussion with the Local Housing Authority should be progressed as appropriate, and in accordance with local procedures, this does not, and should not, replace a referral into children’s social care where a child has been harmed or is at risk of harm.

Children and the court system

Children are sometimes required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. There are two age appropriate guides to support children 5-11-year olds and 12-17 year olds. The guides explain each step of the process, support and special measures that are available. There are diagrams illustrating the courtroom structure and the use of video links is explained. Making child arrangements via the family courts following separation can be stressful and entrench conflict in families. This can be stressful for children. The Ministry of Justice has launched an online child arrangements information tool with clear and concise information on the dispute resolution service. This may be useful for some parents and carers.

[ywp-5-11-eng.pdf \(publishing.service.gov.uk\)](#)

[ywp-12-17-eng.pdf \(publishing.service.gov.uk\)](#)

[Get help with child arrangements - Get help with child arrangements \(justice.gov.uk\)](#)

Children with family members in prison

Approximately 200,000 children in England and Wales have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. The National Information Centre on Children of Offenders, NICCO provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children

Child abduction and community safety incidents

Child abduction is the unauthorised removal or retention of a minor from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents or other family members; by people known but not related to the victim (such as neighbours, friends and acquaintances); and by strangers. Other community safety incidents in the vicinity of a school can raise concerns amongst children and parents, for example, people loitering nearby or unknown adults engaging children in conversation. As children get older and are granted more independence (for example, as they start walking to school on their own) it is important they are given practical advice on how to keep themselves safe. Many schools provide outdoor-safety lessons run by teachers or by local police staff. It is important that lessons focus on building children's confidence and abilities rather than simply warning them about all strangers. Further information is available at: www.actionagainstabduction.org and www.clevernevergoes.org.

Further information around safeguarding issues can be found in KCSIE 2021 ANNEX B and on the OSCB website.

Annex 7

Staff Induction, awareness and training

- All members of staff have been provided with a copy of Part One of “*Keeping Children Safe in Education*” (2023) which covers safeguarding information for all staff. School leaders will read the entire document. Further information regarding the guidance and requirements can be found in KCSIE 2023.
- The DSL will ensure that all new staff and volunteers (including temporary staff) are aware of the school’s internal safeguarding processes.
- All staff members (including temporary staff) will receive training to ensure they are aware of a range of safeguarding issues.
- All staff members (including temporary staff) will receive regular safeguarding and child protection updates, at least annually.
- All staff members (including temporary staff) will be made aware of the school’s expectations regarding safe and professional practice via the staff behaviour policy (or code of conduct) and Acceptable Use Policy.
- The DSL and Headmaster will provide an annual report to the Governing Body detailing safeguarding training undertaken by all staff and will maintain up to date register of who has been trained.
- Although the school has a nominated lead for the governing body (Colin Fletcher), all members of the governing body will access appropriate safeguarding training which covers their specific strategic responsibilities on a regular basis.

The Headmaster is:
Damian Ettinger
dje@cokethorpe.org

The Chairman of Governors is:
John Bennett
hma@cokethorpe.org

Physical Intervention/Positive Handling

- Our policy on physical intervention/positive handling by staff is set out separately, as part of our Physical Intervention and Restraints Policy. It complies with LA Guidance, 'The Use of Reasonable Force' 2013.
- Such events should be recorded and signed by a witness.
- We recommend that staff who are likely to need to use physical intervention should be appropriately trained.
- We understand that physical intervention of a nature which is both unreasonable and disproportionate to the circumstances and or causes injury or distress to a child may be considered under child protection or disciplinary procedures.
- See full details in our Physical Intervention and Restraints Policy

Anti-Bullying

- Our policy on the prevention and management of bullying is set out in a separate policy and acknowledges that to allow or condone bullying may lead to consideration under child protection procedures. Bullying is a safeguarding matter that if left unresolved can become a child protection matter. Our School will take seriously any bullying concerns and both investigate and take action to protect pupils where appropriate.
- We will liaise with the anti-bullying co-ordinator from OCC where appropriate
<http://schools.oxfordshire.gov.uk/cms/content/anti-bullying>
- See full details in our Prevention of Bullying Policy

Health & Safety

- Our Health & Safety policy, reflects the consideration we give to the protection of our pupils both physically within the school environment and, for example, in relation to internet use, and when away from the School when undertaking trips and visits.
- See full details in our Health and Safety Policy

Online safety

Our pupils increasingly work online, we recognise that it is crucial to safeguard our pupils from potentially harmful and inappropriate online material. Our internet filtration software (Netsweeper) is set accordingly and monitored by the Head of IT Services, who reports policy violations to the Deputy Head. Pupils are not allowed to use mobile phones at school unless under the supervision or direction of a member of staff. When doing so pupils are able to log in to the school network which has appropriate filters in place. For further detail please refer to the ICT Policy and Social Media Policy.

The breadth of issues classified within online safety is considerable and ever evolving, but can be categorised into four areas of risk:

- **content:** being exposed to illegal, inappropriate or harmful content, for example: pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation and extremism.
- **contact:** being subjected to harmful online interaction with other users, for example: peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other
- **conduct:** online behaviour that increases the likelihood of, or causes, harm, for example, making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography, sharing other explicit images and online bullying
- **commerce:** risks such as online gambling, inappropriate advertising, phishing and/or financial scams. If you feel your pupils, students or staff are at risk, please report it to the Anti-Phishing Working Group (<https://apwg.org/>)

The school has an ICT Policy and Social Media Policy, which covers the use of mobile phones, cameras and other digital recording devices. For online safety, within the policy there is support about children accessing the internet whilst they're at school using data on their phones. This considers that many children have unlimited and unrestricted access to the internet via 4G and 5G networks. This access means some children, whilst at school, may sexually harass, bully and control others via their mobile and smart technology, share indecent images consensually and non-consensually and view and share pornography and other harmful content. This has been carefully considered within schools ICT Policy, including the management of devices, filtering and monitoring and access to smart technology. The policy also reinforces the importance of online safety, including making parents aware of what the school asks children to do online (e.g. sites they need to visit or who they'll be interacting with online)

Filters and monitoring

Governors are doing all that they reasonably can to limit children's exposure to the above risks from the school's IT system. As part of this process, governors ensure their school has appropriate filters and monitoring systems in place and that there is regular review of their effectiveness.

Whilst considering their responsibility to safeguard and promote the welfare of children and provide them with a safe environment in which to learn, governors also consider the age range of their pupils, those who are potentially at greater risk of harm and how often they access the IT system along with the proportionality of costs versus safeguarding risks.

The appropriateness of any filters and monitoring systems are a matter for individual schools and will be informed in part, by the risk assessment required by the Prevent Duty.

To support schools and colleges to meet this duty, the Department for Education has published filtering and monitoring standards (see below link) which set out that schools and colleges should:

- identify and assign roles and responsibilities to manage filtering and monitoring systems
- review filtering and monitoring provision at least annually
- block harmful and inappropriate content without unreasonably impacting teaching and learning
- have effective monitoring strategies in place that meet their safeguarding needs

Governors understand their responsibilities for periodically reviewing the effectiveness of these procedures and the standards and will discuss this with IT staff and service providers, discussing what more needs to be done to support schools and colleges in meeting this standard. This includes an understanding of responsibilities to have an appropriate level of security protection and an understanding of evolving cyber-crime technologies and e-security.

Monitoring and filtering standards: <https://www.gov.uk/guidance/meeting-digital-and-technology-standards-in-schools-and-colleges/filtering-and-monitoring-standards-for-schools-and-colleges>

Cyber security standards: <https://www.gov.uk/guidance/meeting-digital-and-technology-standards-in-schools-and-colleges/cyber-security-standards-for-schools-and-colleges>

The policy for remote learning demonstrates an understanding of how to follow safeguarding procedures when planning remote education strategies and teaching remotely. The school maintains the capability to provide remote education when it is not possible for some or all of their pupils to attend in person.

<https://www.gov.uk/government/publications/providing-remote-education-guidance-for-schools>

Opportunities to teach safeguarding

We ensure our pupil are taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum. This includes covering relevant issues through WIT (personal, social, health and economic education), tutor periods and through sex and relationship education (SRE).

Allegations of abuse made against other children (child on child abuse)

Our staff recognise that pupils are capable of abusing their peers. In a situation where child abuse is alleged to have been carried out by another child, our child protection procedures should be adhered to for both the victim and the alleged abuser; this means it should be considered as a child care and protection issue for both children. Such allegations will be reported in accordance with OSCB procedures.

In order to minimise the risk of child on child abuse members of staff supervise pupils throughout the day including break times and lunchtimes. In addition, all pupils take part in our WIT (Wellbeing and Integrity Toolkit) programme where pupils are taught about acceptable behaviour. Gender issues can be prevalent when dealing with child on child abuse. This could for example include girls being sexually touched/assaulted or boys being subject to initiation/hazing type violence. Child on child abuse could also include sexting or behaviour described as ‘banter’. Abuse is abuse and should never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”. Child on child abuse can take different forms, such as:

- bullying (including cyberbullying);
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise
- causing physical harm;
- sexual violence, such as rape, assault by penetration and sexual assault
- sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse;
- upskirting, which typically involves taking a picture under a person’s clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm;
- sexting (also known as youth produced sexual imagery); and
- initiation/hazing type violence and rituals.

None of these behaviours are acceptable and victims will be supported. Allegations of child on child abuse will be investigated by the DSL alongside other appropriate staff. Secure records will be kept by the DSL and incidents will be dealt with according to OSCB procedures and the school’s behaviour policy. The school has a robust Prevention of Bullying Policy and takes action to protect pupils identified as being at risk. Victims, perpetrators and any other child affected by child on child abuse will be

supported internally through the pastoral systems at the school (tutor, Housemaster/Housemistress, Deputy Headmaster, Headmaster) alongside support from external agencies, as appropriate.

Please see Appendix E for the School's Managing Allegations Against Other Pupils (Child on Child Abuse) Policy.

PART 3

Disqualification from working in childcare

Where staff work in, or are involved in the management of, the School's early years or provision of care of pupils under the age of eight, the School will take steps to check whether those staff are disqualified under the Childcare Act 2006. This forms part of the School's safer recruitment practices, further details of which can be found in the School's Recruitment Policy.

The School records all checks of staff employed to work in or manage relevant childcare on the Single Central Register. This includes the date disqualification checks were completed.

Where a member of staff is found to be disqualified, or if there is doubt over that issue then, pending resolution, the School will remove them from the work from which they are or may be disqualified.

Suspension or dismissal will not be an automatic response; the School will consider if there is scope in principle to redeploy them with other age groups or in other work from which they are not disqualified, subject to assessing the risks and taking advice from the LADO when appropriate.

Visiting Speakers

The School's Access, Security and Visitors Policy sets out clear protocols for ensuring that any visiting speakers are appropriately supervised and suitable. The School's responsibility to pupils is to ensure that they can critically assess the information they receive as to its value to themselves, and that the information is aligned to the ethos and values of the School and British values.

Visiting speakers will be expected to understand that, where appropriate, their session should actively promote the British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs and at no point undermine these. In some cases, the School may request a copy of the Visiting Speaker's presentation and/or footage in advance of the session being provided.

Appendix A

Sexting in schools

The School's approach to sexting and how this is approached by the School is set out in our Social Media Policy alongside guidance such as "Sharing nudes and semi-nudes: advice for education settings working with children and young people"

[Sharing nudes and semi-nudes: advice for education settings working with children and young people - GOV.UK \(www.gov.uk\)](http://www.gov.uk)

and "Searching, screening and confiscation" published by the DfE.

[Searching, Screening and Confiscation \(publishing.service.gov.uk\)](http://publishing.service.gov.uk)

Advice for schools: Responding to and managing sexting incidents

<https://schools.oxfordshire.gov.uk/cms/sites/schools/files/folders/folders/documents/safeguarding/SextingResourcePack.pdf>

Sexual violence and sexual harassment between children in schools and colleges

Sexual violence and sexual harassment can occur between two children of **any** age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physical and verbal) and are never acceptable. It is important that **all** victims are taken seriously and offered appropriate support. Staff should be aware that some groups are potentially more at risk. Evidence shows girls, children with SEND and LGBT children are at greater risk.

Staff should be aware of the importance of:

- making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up;
- not tolerating or dismissing sexual violence or sexual harassment as "banter", "part of growing up", "just having a laugh" or "boys being boys"; and
- challenging behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them.

Reports of sexual violence and sexual harassment are extremely complex to manage. It is essential that victims are protected, offered appropriate support and every effort is made to ensure their education is not disrupted. It is also important that other children, and School staff are supported and protected as appropriate.

What is Sexual Violence and Sexual Harassment?

Sexual violence

It is important that school staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way. When referring to sexual violence we are referring to sexual offences under the Sexual Offences Act 2003 as described below:

Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.

Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.

Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.

What is consent? Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.

Sexual Harassment

When referring to sexual harassment we mean 'unwanted conduct of a sexual nature' that can occur online and offline. When we reference sexual harassment, we do so in the context of child on child sexual harassment. Sexual harassment is likely to: violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.

Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names;
- sexual "jokes" or taunting;
- physical behaviour, such as: deliberately brushing against someone, interfering with someone's clothes (schools and colleges should be considering when any of this crosses a line into sexual violence - it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence.

It may include:

- non-consensual sharing of sexual images and videos;
- sexualised online bullying;
- unwanted sexual comments and messages, including, on social media; and
- sexual exploitation; coercion and threats

The response to a report of sexual violence or sexual harassment

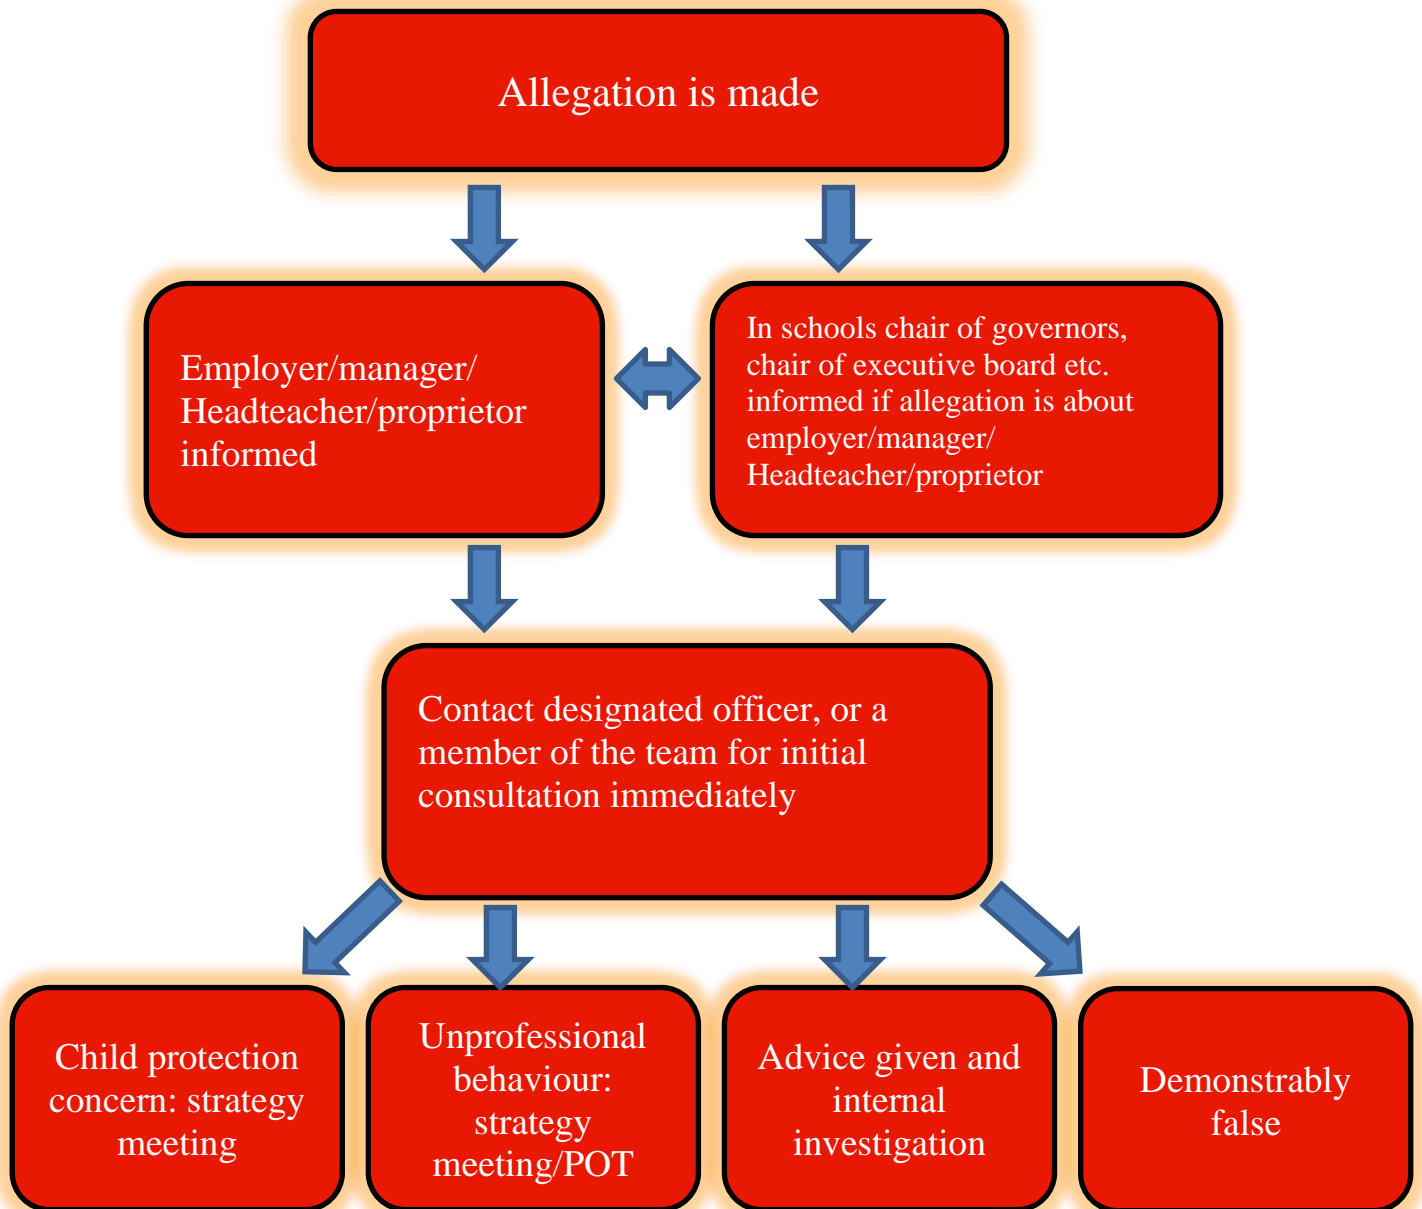

The initial response to a report from a child is important. It is essential that all victims are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

If staff have a concern about a child or a child makes a report to them, they should follow the referral process as set out from paragraph in part one of this policy. As is always the case, if staff are in any doubt as to what to do, they should speak to the designated safeguarding lead (or a deputy).

Actions where there are concerns about a child

KCSIE:

Actions where there are concerns about a child

¹ In cases which also involve a concern or an allegation of abuse against a staff member, see Part Four of this guidance.

² Early help means providing support as soon as a problem emerges at any point in a child's life. Where a child would benefit from co-ordinated early help, an early help inter-agency assessment should be arranged. Chapter one of [Working Together to Safeguard Children](#) provides detailed guidance on the early help process.

³ Referrals should follow the process set out in the local threshold document and local protocol for assessment. Chapter one of [Working Together to Safeguard Children](#).

⁴ Under the Children Act 1989, local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989. Under section 47 of the Children Act 1989, where a local authority has reasonable cause to suspect that a child is suffering or likely to suffer significant harm, it has a duty to make enquiries to decide whether to take action to safeguard or promote the child's welfare. Full details are in Chapter one of [Working Together to Safeguard Children](#).

⁵ This could include applying for an Emergency Protection Order (EPO).

Please note the referrer should always receive feedback after a referral is made, or be involved in any ongoing meetings if the case progresses

APPENDIX D

Managing Allegations Against Other Pupils (Child on Child Abuse) Policy

At Cokethorpe School we believe that all children have a right to attend school and learn in a safe environment. Children should be free from harm by adults in the school and other pupils.

We recognise that some pupils will sometimes negatively affect the learning and wellbeing of others and their behaviour will be dealt with under the school's behaviour policy.

Introduction

DfE guidance Keeping Children Safe in Education (2023) says that "governing bodies should ensure that there are procedures in place to handle allegations against other children". The guidance also states the importance of minimising the risks of child on child abuse.

In most instances, the conduct of students towards each other will be covered by the school's behaviour policy. However some allegations might be of such a serious nature that they become safeguarding concerns. These allegations are most likely to include physical abuse, emotional abuse, sexual abuse and sexual exploitation; however we are aware that the abuse may take any form.

Definition*

- The definition for domestic abuse (Home Office 2013) relates to young people aged 16 and 17 who experience physical, emotional, sexual and/or financial abuse, and coercive control, in their intimate relationships
- The definition for child sexual exploitation (DCSF 2009) captures young people aged under-18 who are sexually abused in the context of exploitative relationships, contexts and situations by a person of any age – including another young person
- The definition for young people who display harmful sexual behaviour refers to any young person, under the age of 18, who demonstrates behaviour outside of their normative parameters of development (this includes, but is not exclusive to abusive behaviours) (Hackett 2011, NICE 2014)
- Serious youth violence is defined with reference to offences (as opposed to relationships/contexts) and captures all those of the most serious in nature including murder, rape and GBH between young people under 18 (London Safeguarding Children Board 2009)

*Practitioner Briefing #1: What is peer-on-peer abuse? Carlene Firmin and George Curtis, MsUnderstood Partnership (2015)

The safeguarding implications of sexual activity between young people¹

The intervention of child protection agencies in situations involving sexual activity between children can require professional judgments. Some situations are statutorily clear – for example, a child under the age of 13 cannot consent to sexual activity. But it will not necessarily be appropriate to initiate safeguarding procedures where sexual activity involving children and young people below the age of legal consent (16 years) comes to notice. In our society generally the age at which children become sexually active has steadily dropped. It is important to distinguish between consensual sexual activity between children of a similar age (where at least one is below the age of consent), and sexual activity involving a power imbalance, or some form of coercion or exploitation

¹ Taken from The safeguarding implications of events leading to the closure of Stanbridge Earls School – A Serious Case Review (2015)

Prevention

At Cokethorpe School we will minimise the risk of allegations against other pupils by:

- Providing PHSE (Wellbeing and Integrity Toolkit) as part of the curriculum, which will help students develop their understanding of acceptable behaviours, healthy relationships and keeping themselves safe.
- Having effective systems within our school for students to be able to raise concerns with staff, knowing they will be listened to, supported and valued, and that the issues they raise will be looked into and addressed
- Liaising and working with other professionals to develop robust risk assessments for pupils that are identified as posing a potential risk to other students
- Liaising with specialists to deliver appropriate targeted work to pupils identified as being at potential risk e.g. protective behaviours work.

Allegations against other pupils (safeguarding issues)

Allegations of abuse or that are a safeguarding concern maybe made against other students within our setting. These may include allegations of physical abuse, emotional abuse, sexual abuse and sexual exploitation.

Safeguarding concerns or reports of abuse in any form may be made against students in our setting

It may also be considered a safeguarding issue if the allegation:

- Is being made against an older pupil and refers to their behaviour towards a younger or more vulnerable pupil
- Is of a possible criminal nature
- Puts other pupils in the school at risk, or raises the risk factor for others
- Indicates that other pupils may have been harmed or be at risk or harm
- Includes bullying (under the definition of emotional abuse) or intimidation

Specific safeguarding issues against another student may include:

- Physical abuse:
 - Pre-planned violence
 - Physical altercations
 - Forcing other to carry out violence
 - Forcing others to use drugs, alcohol or other substances
- Emotional abuse:
 - Bullying
 - Threats and Intimidation
 - Blackmail/extortion
- Sexual abuse:
 - Sexual assault
 - Indecent exposure
 - Indecent touching
 - Showing pornography to others
 - Forcing others to create/share/download indecent images
 - Sexting (see full guidance)
- Sexual exploitation
 - Encouraging/enticing other pupils to engage in inappropriate sexual behaviour
 - Photographing or videoing other children performing indecent acts
 - Sharing images through social media

Procedure

- When an allegation is made by a pupil against another student, which is of a safeguarding nature it should be reported to the designated safeguarding lead (DSL) as soon as possible.
- A factual record must be kept (as normal safeguarding child protection procedures) and updated with all actions and outcomes
- The incident should not be investigated at this time
- The DSL will contact the MASH to discuss the case, and make a formal referral where appropriate
- If the allegation indicates that a potential crime has taken place the MASH will refer the case to the police
- Parents of both the alleged victim and the student being complained about should be informed, this should be discussed during the consultation with the MASH.
- A risk assessment will be considered at this time to protect all parties involved.
- It may be appropriate to exclude the alleged culprit against whom the report has been made for a fixed time in line with our schools behaviour policy and procedures.
- Police and social care will lead any investigation, however where neither police nor social care thresholds are met, our school will then undertake a thorough investigation following our schools policies and procedures.
- A risk assessment should be considered along with an appropriate supervision plan
- Support should be given to all student involved, and they should be involved in the relevant meetings and sign and agree to the plans that are set
- The plan should be monitored and review dates set

If allegations made directly to other agencies

In some circumstances parents or the alleged victims will report directly to other agencies. In these cases (if not police or social care) these agencies should make referrals to the MASH or the police.

MASH or police should liaise directly with the DSL for the school to inform them of the situation, or liaise with a member of the Designated Officer (LADO) and schools safeguarding team who will contact the DSL with the information.

All professional involved can support with the risk assessment and management of such allegations

Police action and responsibility

Thames Valley Police will make an assessment on a case by case basis as to the legality, proportionality and necessity to share information with partner agencies, including schools.

Where a report is made concerning a school-age child, and the school is already involved, the police should keep the DSL for that setting updated with developments in the case and police officer / staff dealing with the matter. In Oxfordshire, schools receive domestic abuse reports where children are involved in those cases where the police identify a safeguarding need.

Where a report is made concerning a school-age child and the school is not already involved, the police must always give active consideration to sharing relevant information with the setting. This will ensure that the setting can take necessary measures to ensure the safety of the children involved and others they may come into contact with. The decision on appropriate measures to take should be made by the setting with support from the police as necessary.

In the case of police or court bail conditions for safeguarding cases, the police must notify the setting of the conditions which are relevant to keep the child and others safe in the setting.

If a report indicates a safeguarding concern regarding a child or a risk they may pose to others, the presumption is the report will be shared with those who need to know to help keep children safe. A review strategy meeting may be the most appropriate way of communicating and agreeing a suitable course of action.
